

6Cyl Straight Full Seq High Imp Injector Add-on

Last Changed: 13/11/2017

Harness Required: MEX01-2 + IV6X01-2

Thick Red - Power from Relay2 Pin87

Write your firing order from left to right in the blocks above marked with an alphabetical letter. Then write the corresponding number on the corresponding injector with the same alphabetical letter in the drawing below.

Note: The order of the injectors will differ on the placing on the engine, as long as it is connected to the same colour wire as this illustration.

Write the corresponding colour of each cylinder next to your injector number on the lines marked X on the drawing. This will ensure that the sequence of injection is correct.

IS6X01-2 = Harness Part numbers
MEX01-2

Neg = Harness Tag Name
